Model RL Ring Lifter

Standard RL Ring Lifter Advantages:

1. Available for all Weiler® 8-5/8", 11", 16" Grinders, AG's & MG's.
2. Allows easy removal of grinder ring without risk of dropping.
3. Saves wear and tear on grinder head and ring.
4. Easier to engage threads.

Standard FP1000 Advantages:

1. Available for all floor mounted Weiler® 8-5/8", 11", 16" Grinders, AG's & MG's.
2. Eliminates damage to feed screw and head upon removal and installation of the feed screw.
3. Easy to install, adjust and use.
4. Please furnish discharge height ("A") of your grinder(s) and space between end of grinder head and nearest obstruction ("B").
